

SmarterControls4Smartsheet – Smarter Search and Replace

It's here! A way to search and replace across ALL your sheets within a wizard!

Our **Smarter Search and Replace** feature within **SmarterControls4Smartsheet** is now available from SBP!
A truly *automagical* feature allowing global updates to be executed across your organisation.

Do you have...?

- ? Multiple users creating your sheets?
- ? A naming convention that isn't being observed?
- ? The requirement for Multi-Sheet reporting?
- ? Inconsistent terminology being used?
- ? Products to be replaced?

How does Smarter Search and Replace help with these issues?

Part of our **Front end Platform**, which sees **SmarterControls4Smartsheet** at the core, this feature provides an end user wizard which will perform a global Search and Replace based on your Smartsheet Access Token.

What could this feature be used for?

This feature can be used anywhere and for anything, including scenarios such as:

- A new produce has to replace the existing one
- A contact must be replaced
- A typo was made and must be corrected
- A workspace was duplicated and a few labels must be replaced

What is the scope of the search and replace?

You can use this feature to update any of the following:

- Workspace names
- Folder names
- Sheet names
- Column names
- Column definition (option and contact options)
- Cell values
